Instytut Technologii Elektronowej (ITE)/The Institute of Electron Technology represented by the Director, Prof. Anna Piotrowska, is endorsing the principles of the Charter and Code.

Instytut Technologii Elektronowej (with input from researchers, experts from Working Group, HR Staff and management ) drafted the HR polices with the 40 principles of the Charter and Code and the internal gap analysis finalized to see where gaps exist, an Acton plan to address these was created.

Hereby, Instytut Technologii Elektronowej presents the Human Resources Strategy for Researchers (HRS4R) and is ready to implement the Strategy (the information is on the website: <http://www.charter-researchers.ite.waw.pl/>).
