**Commitment of the Cyprus University of Technology
To
The European Charter for Researchers
and
The Code of Conduct for the Recruitment of Researchers**

The Cyprus University of Technology very much welcomes the initiative of the European Commission concerning the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers.

Many of the principles of the Charter and the Code are already implemented at the Cyprus University of Technology, while others are presently being developed or will be addressed vigorously in the near future.

The European Charter for Researchers and Code of Conduct for the Recruitment of Researchers are a benchmark and orientation guide which will second our endeavors to maintain and foster high-quality research and education and to provide a fair and inspiring research environment for our researchers.

The Cyprus University of Technology will make sure that all further initiatives will be in line with the Charter for Researchers and the Code of Conduct for the Recruitment of Researchers thus contributing to the development of the right environment for researchers in Cyprus.

Kind regards

President Professor Elpida Keravnou
